

## One Hand to Another – Helping to Feed the Homeless in Detroit

November 5, 2014

The 2<sup>nd</sup> Sunday of every Month, a bunch of working people get together and bring all the food, clothes, and everything they have personally purchased and received for donations from others.....we meet at 3 PM and get the grocery bags ready and go out to give away 100% of everything we receive!!!

100% of everything we receive goes to the homeless and not one penny goes into anyone's pocket.

We work and use our own money every month to help buy whatever is needed to give to the homeless living on the streets in Detroit. NO PROFESSIONAL BEGGARS are given anything to the best of our knowledge.

If you want to help out and donate or go with us....email me, Peter-John at [pjparisis7@aol.com](mailto:pjparisis7@aol.com)

We are not an organization....just a group of career people wanting to make a difference and not just talking about it.

I work 2 jobs and attending Seminary to finish my Masters of Divinity and then my Doctorate of Ministry with WBS. I am a Minister and was previously homeless in 1995 for 2 months. I understand the difficulty of being homeless. May God bless You for your prayers and help!

The pictures below were received from one man from the Family Dollar Store to help us on our 1<sup>st</sup> delivery coming up in a few days!
